Individuals over the age of 18 who are:

- Not capable of managing their finances
- Not capable directing someone else to manage their finances
- Determined legally incompetent
- Determined by Social Security Administration to be incapable of handling their money

Who needs a Representative Payee?

Gain financial assurance through HOPE's Representative Payee assistance service.

What does a Representative Payee do?

Representative Payees manage consumer’s Social Security Disability Income and/or Supplemental Security Income payments to ensure the payment of rent and bills.
My mother was handling my finances.

I would tell her how much I needed and she would put the rest in a savings account. Each month I would ask her for the amount needed to pay bills along with a small allowance.

I felt like it was a burden for her to be my representative payee.

I decided to leave the household in search of an independent living, which meant finding a new representative payee. It did not take long to discover HOPE Services and the Representative Payee program.

I found a way to relieve my mother of the burden.

Together, HOPE Services and I discussed my financial affairs and made arrangements. I have enjoyed the experience that HOPE Services has to offer. I no longer worry. All my obligations are taken care of.

I have confidence that HOPE Services can handle whatever I send their way.

Representative Payee ensures on-time payment of your:

- Rent
- Electricity
- Water
- Gas
- Cell phone
- Court fees
- Debt
- Allowances

Remaining funds will stay in your checking account.

Supplemental Security Income beneficiary resources must not be worth more than $2,000 for an individual or $3,000 for couples.
